

**Subject:** Temporary Freeze on New Memberships and Membership Renewal Update

Dear ISNA Community and Valued Members,  
Assalamu Alaykum

We hope this message finds you well.

We would like to inform you that ISNA Canada is currently undertaking a comprehensive review and enhancement of our Membership Program. As part of this process, new memberships will be temporarily frozen until the updated program is finalized and officially launched.

During this transition period, existing memberships that are due for renewal will continue to be renewed for a period of one (1) year only. Renewals will be processed under the recently revised annual membership contribution structure as follows:

**Regular Members:** \$240 per year

**Seniors and Students:** \$100 per year

These contributions will support ISNA's ongoing programs and services while we work diligently to introduce a more robust and meaningful membership experience for our community.

We sincerely appreciate your patience, understanding, and continued support during this important period of growth and improvement. Further updates will be shared as the new Membership Program is finalized.

If you have any questions or require clarification, please do not hesitate to contact us.

With gratitude and warm regards,

Mustafa Ramadan  
**Chairman**  
**ISNA Canada**
